Kayamanan Ng Lahi Philippine Folk Arts celebrates 20 years of presenting, promoting and preserving the richness and diversity of Philippine culture through dance and music. The special anniversary concert highlights and punctuates Kayamanan's inspirations and shared experiences...including the group's own choreographic contributions that reflect the Filipino American aesthetic through which a legacy of history, traditions, and cultural heritage are conveyed and transformed — to educate, entertain, and enlighten.

Striving to pass on this culture from one generation to the next, Kayamanan features young performers, many making their formal stage debut alongside artists who have been with the group through the years.

Salin Lahi...Pass It On!

Kayamanan workshops and rehearsals held at Search to Involve Pilipino Americans (SIPA) at Historic Filipinotown.
